

LR-1000 BEACON

Our LR SERIES high performance LED driving lights enabled Triple-R Lights to really penetrate into the world of professional motorsport. The lights set a new benchmark which carried over to users in the road and off-road markets. The lights are still as popular today as they were when launched in 2015, with innovative features that enhance performance and functionality, and which still carry over to the latest generation of LR Series lights launched for 2020/1.
