

## ELECTRICAL CONNECTION

Please disconnect the vehicle battery before installing or servicing your LED light installation. If in doubt, it is recommended to use the services of a professional installer. It is recommended to use the available corresponding Triple-R wiring kit for your product. If utilizing existing (non Triple-R) wiring, make sure to use the appropriate wire gauge and fusing in line with your lights.

### GLIDE WITHOUT BACKLIGHT

### LINEAR-18 ELITE / GLIDE WITH BACKLIGHT

### LINEAR-18 ELITE I-LBA

Please refer to the instructions that are included with the lamp.
